

Dear Draycott Council

As a local resident, may I put in a plea for the war memorial at the bottom of Church Lane to be renovated? The colour paint for the Draycott arms has never been applied, the stone is now very blotchy, and names are beginning to fade. (See photo). Please can this item be put on your agenda for discussion?

I think we owe it to those who died.

As I mentioned a year ago, in my last email to you, I did find a professional stone-mason firm who said they'd be willing to do a report on what is needed to bring the memorial up to some sort of adequate finish. The website for the firm is JT Terry Stonemasons of Hednesford - <http://www.iterrymasons.com/>- you might enquire with them.
