

Hello Denise.

Please could I ask for this issue to be on a council meeting agenda?

May I, as a resident of Draycott in the Moors, report the state of the bench which is by the bus-shelter on the junction of Cheadle Rd & Uttoxeter Road next to Villa Verde? (See photo) I believe it is owned by the parish council.

It is rotting badly. The front-right leg of the structure has now sheered off completely, and, as you can see, some of the back-supports have broken off completely, which makes it a potential danger. It might yet be saved, but would need quick work.

Resident
